

BUMATECH Bursa Machine Technologies Fair to Open Its Doors on November 29th

BUMATECH Bursa Machine Technologies Fairs, an intercontinental gathering for the machine manufacturing sector, is getting prepared to host once again the machinery industry from November 29th to December 2nd. The fair is anticipated to attract approximately 45,000 professional visitors from 70 countries and over 400 companies and representatives from 25 countries.

BUMATECH, the intercontinental rendezvous point for the machine manufacturing industry, will be organized by Tüyap Bursa Fuarçılık A.Ş. and the Bursa Chamber of Commerce and Industry (BTSO) in collaboration with the Machine Tools Industrialists and Businessperson Association (TIAD) and the Machine Manufacturers Association (MIB) under the aegis of the Bursa Metropolitan Municipality between November 29th and December 2nd, 2023.

BUMATECH is set to take place at the Tüyap Bursa International Fair and Congress Center, offering a consolidated platform for the 21st Bursa Metal Processing Technologies Fair, 14th Sheet Processing Technologies Fair, and 20th Automation Fair on an international scale.

Focused particularly on sheet processing technologies, BUMATECH will showcase cutting-edge innovations on a wide range of robotic systems, 3D printers, and scanners, automation technologies, hydraulic pneumatic and robotic systems, fiber laser optical cutting machines, CNC machines in addition to shop equipment, CAD/CAM, mineral oils, compressors, cranes, machine tools and turning lathes as well as work and worker safety materials, and QC measuring instruments.

Industry professionals gather at the BUMATECH fair

BUMATECH is set to attract approximately 45,000 industry professionals from 70 countries, spanning across 40,000 square meters and 7 halls. The event will be a hub for machine manufacturing experts from countries including Germany, Austria, Belgium, China, Finland, Taiwan, the USA, and the Netherlands. Through forging new business connections, BUMATECH will continue to play a significant role in boosting Türkiye's export trade balance.

Great Interest in BUMATECH

As the host city of the trade show, Bursa rightfully deserves the role due to its significant position in the global market with its robust manufacturing infrastructure and excellence in the machinery industry. Bursa produces metal processing and machine tools, lifting and moving equipment, as well as agriculture, forestry, and food machinery.

Due to its strategic location in the machinery industry, Bursa presents a remarkable advantage for exhibitors and visitors alike in terms of transportation and accessibility during exports and imports. Consequently, the BUMATECH Bursa Machine Technologies Fair has generated significant interest, with tickets selling out months in advance. The leading companies seeking to showcase their products at this event, which brings together all the major industry players, are eagerly anticipating the availability of new spaces.

Amplifying the competitive power of the industry on the international arena

Enjoying a wide portfolio covering robotic systems, 3D printers and scanners, fiber laser optic cutting machines, CNC machines, cutting edge innovation products, as well as all kinds of sub-industry equipment and materials, the trade show plays a great role in the growth of the manufacturing industry. The industry is steadily consolidating its position, bolstering its competitive power in the international arena through the implementation of digital initiatives with Industry 4.0. This fair is expected to further accelerate this upward trend by fostering new avenues of cooperation.

BUMATECH will be open for visiting between November 29th and December 1st from 10:00 am to 7:00 pm, and from 10:00 am to 6:00 pm on the last day on December 2nd, Saturday.

About TÜYAP: *Tüyap was founded by Bülent Ünal in 1979 as the first fair organization company of Türkiye. Since its founding, Tüyap Fair Organization Group has staged 1,827 domestic fairs and 200 foreign fairs in 39 countries, making it a pioneer in the growth of fair organization in Türkiye. During the past 42 years, Tüyap served 337,913 firms from 127 countries and hosted 67 million 133 thousand 226 visitors from 213 countries at the fairs it has organized. The company, which organized the first Turkish export products fairs in China, Russia, and Africa, still organizes Turkish participation in an average of 10 foreign fairs each year. Tüyap is the only privately owned fair organization company with a dedicated fair center in Türkiye. Tüyap organizes specialized fairs with the help of its qualified employees and ongoing partnerships with more than 100 trade associations thanks to the 6 fair centers owned and operated in Türkiye as well as its international offices in 4 different countries. Organizing its fairs under the motto 'first health for trade' in the new period, Tüyap is the first trade show company that is entitled to be certificated with TSE COVID-19 Safe Service Certificate upon fulfilling the requirements of COVID-19 Hygiene, Infection Prevention and Control Certification Program stipulated by the Turkish Standards Institute. Tüyap Fair Organization Group continues to organize hybrid fairs through digital means.*
